

Join Our Team. Student Assistants Needed in Computational Biology Lab

October 2023. We're expanding our team! The Computational Biology Lab is currently seeking dedicated student assistants (6-9 hours/week) to play a pivotal role in assembling a cooperative research proposal and establishing a comprehensive literature database.

Key Responsibilities:

- Collaborate in the preparation of a detailed, cooperative research proposal.
- Assist in the management of a literature database.

Ideal Candidate:

- Motivated and reliable, teamplayer, with a keen interest in biophysics and/or immunology.
- Previous experience with LaTeX would be advantageous but is not a prerequisite.

Location:

Visit us for more information or to discuss this opportunity further at Building B1, 3rd Floor.

Don't miss this chance to contribute to impactful research and broaden your academic horizons. We look forward to your involvement!

Best regards,
Rainer Böckmann
